from **93,00 EUR**

Item no.: 377293
shipping weight: 0.90 kg
Manufacturer: Feldherr

Product Description

Neatly stored and safely transported. The Feldherr storage box for safely storing up to 48 baubles with a diameter of 80 mm. The Feldherr storage set provides complete protection for your delicate Christmas baubles. It is suitable for easy storage and transport. The storage box reliably protects the contents from dust and knocks. Painted baubles in particular are protected from wear and tear. 48 spheres, each with a diameter of 80 mm, find a safe place in this set. The recess for the crown offers the advantage that the spheres cannot move in the insert and are therefore protected from scratches and chipped paint. The crown is embedded in the recess and therefore cannot break off. Caution is therefore only required when mounting and dismounting. The full-size foam insert has the following dimensions: 345 mm x 275 mm x 90 mm total height (80 mm usable height + 10 mm foam base). The DSLB310 storage box is made of coated, double-wall cardboard and is therefore very light yet stable. The attachable lid reliably protects the contents from dust and other external influences. The two plastic-reinforced carrying handles on the sides make the box easy to transport.
