### Product Description

To ensure that nothing happens to your army on the way to the next mission, you get the matching DSL310 storage box including Feldherr foam inserts to protect your miniatures. Up to 4 Imperial Knights from your collection get their own custom-fit compartment here. This keeps your models safely in place during transport. The soft foam not only protects the delicate parts of your figures. The colours of painted miniatures are just as safe from abrasion and scratches. In addition to the Imperial Knight model, the four inserts are also suitable for other model variants, such as the Knight Valiant, Knight Preceptor Canis Rex or the Imperial Knight Warden. A total of 24 additional compartments provide space for other small miniatures, weapon options or game material. The DSL310 storage box is made of coated, double-walled cardboard and is therefore very light yet stable. The attachable lid reliably protects the contents from dust and other external influences. The two plastic-reinforced carrying handles on the sides make the box easy to transport.
