Product Description

From all the deserts, forests and caves in the Mortal Realms, brave and death-hungry warrior bands flock to the hostile lands around Varanspire to fight for the favour of Archaon, the Everchosen. Gather your warriors and pit yourself against the toughest and best warbands in fierce, bloody battles. We are happy to support you. In this large Feldherr storage box, filled to the brim with the matching foam inserts, you have enough space to be prepared not only for the Warcry starter set, but also for the expansion of your collection. All 8 inserts in this set are precisely tailored to your models and needs. Precisely fitting compartments ensure that the miniatures do not slide around or bump into each other during transport. This not only protects the delicate and pointed parts from damage. The colours of the painted miniatures also remain free from scratches and abrasion. There are two inserts in the pack for the terrain from the Warcry starter set (Ravaged Lands - Defiled Ruins). You can place the ruins on the 80 mm high grid foam insert. This is just as flexible as the kit, but easier to design. The pre-cut 20 mm x 20 mm grid makes it easy for you to design the compartments specifically for your models. The mat has a self-adhesive underside. After removing the foam segments, peel off the film and stick on the base supplied. Your customised foam insert is ready. The 70 mm full-size grid foam insert (incl. base) gives you even more customisable space for additional terrain pieces or larger miniatures. A full-size insert with 14 compartments serves as a shelter for the Chaotic Beasts. The set also comes with two half-size and two full-size foam inserts to store your warrior miniatures. Up to 71 models can be stored here. The two half-size inserts are ideal for larger and bulky figures. The DSLB310 storage box is made of coated, double-walled cardboard and is therefore both very light and very sturdy. The attachable lid reliably protects your collection from dust and other external influences. The two plastic-reinforced carrying handles on the sides make it easy to transport the box.
