Product Description

Flat Feldherr card deck holder for the Dominion kingdom cards - keeps the game table tidy. Dominion involves a lot of card stacks. One wrong move is enough to mix up the stacks. This flat card holder made of sturdy plastic helps you to keep the playing field tidy and prevents the stacks of cards from getting mixed up.

Details- Ideal for kingdom and action cards from Dominion.- Ideal for stacks of 10 action cards.- The card holder was designed for cards without a protective cover.- Connect several card holders together using a connector system.- This increases the stability of the stacks and gives the playing field a better structure.- The construction with 4 small side walls prevents the cards from falling out of the compartment.- The black colour of the card holder matches the black kingdom cards and thus provides a better overview.- 3D printed in Germany
