from **5,86 EUR**

Item no.: 374092
shipping weight: 0.20 kg
Manufacturer: Feldherr

Product Description

You are the king of the sea, your name alone is enough to make hardened sea dogs weep. But why does the pack fear you? Is it the countless atrocities? The gruesome legends? Neither. The secret to your success is this Feldherr organiser, suitable for your basic game box. It keeps your game components firmly under control, your ships safely stowed away and your game material clearly organised. Optimally organised, nothing stands in your way. While you create fear and terror on the world's oceans, we'll take care of keeping your board game box tidy. Two plastic token holders help you not to lose track of things and to keep your sails tidy. This keeps your board game box organised and saves you time when setting up the game. To start the game quickly, take the token holders out of the box and spread them out on the table. This way, you have the individual game elements to hand and can get started straight away. Place the large-format cards such as map cards, legend mats, helmet mats, market mats and the rule booklet on the top tray. Place the Booty Bag over the ships. As with all 3D-printed models, there may be minor imperfections. The product images are only examples of what the finished product may look like. Colours may vary. All products are supplied unpainted.
