Product Description

The dwarves have done a great job here, because the plastic inlay of the Big Box doesn't leave much to be desired. This Feldherr organiser set is available for the unfulfilled wishes. The playing cards and the large hexagonal tiles are not included in this set. These are still stored in the compartments provided for them in the plastic inlay of the Big Box (see product photos). As with all 3D-printed models, there may be minor imperfections. The product images are only examples of what the finished product may look like. Colours may vary. All products are supplied unpainted.
