## FS17SET - Foam set for Tyrannocyte

from **28,11 EUR**

Item no.: 379827  
shipping weight: 0.10 kg  
Manufacturer: Feldherr

### Product Description

Set of two foam inserts for the safe storage of a Tyrannocyte model - With additional compartments for Spore Mines and other Tyrannids When a swarm fleet descends on a planet, Tyrannocytes are used as transport organisms to bring the Tyrannids from the swarm ship to the target world. On impact, the pregnant belly opens and releases the units onto the planet. To prevent the belly from bursting during transport to the gaming table, you will receive the foam set to protect your miniature here. The large round compartment in the centre of the lower insert is tailored exactly to the width of the Tyrannocyte miniature. It fits here standing on the base, both with closed and open outer armour. The delicate model with the sensitive tentacles is thus safely housed and optimally protected from damage. Due to the height of the miniature, the set comes with an attachment that takes care of the upper part of the model. This also protects the acid spitters. The precise cut prevents the figure from sliding around during transport. This also protects the colours of the painted miniature from abrasion and scratches. Alternatively, the lower insert can also be used individually, i.e. without an attachment, to store a Sporocyst and Mucolid Spore miniature. You can store 6 Spore Mines in the six small compartments of the lower section. The large rectangular compartments offer space for up to four Mucolid Spores. You can of course also use these compartments for other Tyrannid miniatures.

Set includes- 1 Feldherr foam insert as base for base and other miniatures (FSMEOT125BO)- 1 Feldherr foam insert as top (FSMEOR115)rectangular compartments Dimensions- 4 compartments: 63 mm long x 55 mm wide x 115 mm deep- 6 compartments: 39 mm long x 28 mm wide x 115 mm deep Full-size foam inserts Dimensions- FSMEOT125BO: 345 mm x 275 mm x 125 mm total height (115 mm usable height + 10 mm base)- FSMEOR115: 345 mm x 275 mm x 115 mm total height Details- high-quality, fine-pored foam- chlorine-free and acid-free- Made in Germany
