from **48,83 EUR**

Item no.: 376477  
shipping weight: 0.60 kg  
Manufacturer: Feldherr

### Product Description

The compact solution for storing, presenting and transporting your model railway collection - Includes 40 spacers. Neatly stored, clearly presented and safely transported. The Feldherr foam insert for model railways in TT scale, stored horizontally in the sturdy Eurobox. Seven compartments, customised for horizontal storage of model railways in TT scale, offer your wagons and locomotives reliable protection for storage and transport. Thanks to its horizontal position, the insert can also be used as a display for presenting your own model railway collection. Several trains and wagons can be stored next to each other in one compartment. To prevent the models from bumping into each other or being coupled unintentionally, they are separated from each other using the spacers also included in the set. The models are thus stored safely all round and are permanently protected against damage and wear and tear such as scratches and chipping paint thanks to the high-quality foam. Finally, the filled insert is covered with the dimpled foam and the box is ready for transport. Your model railway collection is stored absolutely safely in the robust Euro container from AUER Packaging made of impact-resistant and dimensionally stable plastic. The lid, with an easy-to-operate hinge system and two locking levers, reliably protects the contents from dust and dirt. The box is stackable and can be carried using the recessed handles on the sides. Details- Chlorine-free and acid-free- Made in Germany Technical details- Dimensions: 550 mm long x 345 mm wide x 40 mm- Internal dimensions: 570 mm x 370 mm x 70 mm- External dimensions: 600 mm x 400 mm x 90 mm Material- high-quality, fine-pored foam high-quality, fine-pored foam Contents- 1 Auer Packaging Euro container / Euro box with hinged lid ED 64/75 HG (DSEB070)- 1 double-size foam insert with 7 bars for models in TT scale, horizontal (DSMELU040BO)- 1 half-size foam insert with 40 spacers (40 mm x 30 mm x 15 mm each) (HS040A003)- 1 double-size self-adhesive studded foam (CFNP020S)
