from **48,83 EUR**

Item no.: 376410  
shipping weight: 0.80 kg  
Manufacturer: Feldherr

### Product Description

The compact solution for storing, presenting and transporting your model railway collection - Includes 50 spacers Neatly stored, clearly presented and safely transported. The Feldherr foam inlay for model railways in Z gauge, stored horizontally in the sturdy Eurobox. A total of 18 compartments, customised for horizontal storage of model railways in nominal size Z, offer your wagons and locomotives reliable protection for storage and transport. Thanks to the horizontal position, the insert can also be used as a display for presenting your own model railway collection. Several trains and wagons can be stored next to each other in one compartment. To prevent the models from bumping into each other or being coupled unintentionally, they are separated from each other using the spacers also included in the set. The models are thus stored safely all round and are permanently protected against damage and wear and tear such as scratches and chipping paint thanks to the high-quality foam. The studded foam lid is self-adhesive and can be attached to the lid of the Euro container. This ensures that the models do not bump against the lid of the Euro container unprotected during transport. The 20 mm thick foam base is located under the two foam inserts and provides height equalisation and additional cushioning. The robust Euro container from AUER Packaging, made from impact-resistant and dimensionally stable plastic, ensures that your model railway collection is stored safely. The lid, with an easy-to-operate hinge system and two locking levers, reliably protects the contents from dust and dirt. The box is stackable and can be carried using the recessed grips on the sides. Details- Chlorine-free and acid-free- Made in Germany- Suitable for models in nominal size / Z scale- Self-adhesive Technical details- Dimensions: 345 mm long x 275 mm wide x 30 mm- Internal dimensions: 570 mm x 370 mm x 70 mm- External dimensions: 600 mm x 400 mm x 90 mm- the 18 compartments are 320 mm long x 20 mm wide x 20 mm deep Material- high-quality, fine-pored foam Contents- 1 Auer Packaging Euro container / Euro box with hinged lid ED 64/75 HG (DSEB070)- 2 full-size foam inserts with 9 bars each for Z-gauge models, horizontal (FS030A002)- 1 half-size foam insert with 50 spacers - 1 double-size foam base- 1 foam cover made of nubbed foam
