Product Description

Every year, the Christmas season comes round again. And with it comes the decorating of the Christmas tree. In addition to Christmas baubles, cute little angel figurines also belong on the tree. You don't have to worry about broken wings or scratches with this Feldherr storage box and foam insert set. Thanks to this, you can enjoy the sight of your angels in the Christmas tree every year. You have a total of 34 compartments of different sizes at your disposal. Every angel will find a cosy spot. Embedded in soft foam, your delicate figurines are optimally protected from damage. The foam prevents them from slipping during transport and storage. The colours of your angels are protected from scratches and annoying colour abrasion. Protected in this way, they will look dewy fresh even after years of use. The foam lid supplied ensures that your angels are securely packed all round. They won't bump into the lid of the box when travelling. The inlay is in good hands in the Feldherr storage box FSLB055. The box is made of coated, double-walled cardboard. This makes it not only pleasantly light, but also particularly tear-resistant and stable. This means that the models can be stored safely and protected from dust and transported easily thanks to the flat, compact shape.
