### Product Description

The mandala: the symbol of an ancient and sacred ritual. Coloured sand is used to create a symbolic image of the world before the pattern is ceremonially destroyed and then rebuilt. An eternal cycle in which the world constantly blossoms anew. In Flowers, a mandala version, you create a flower field with up to four people in which you compete and try to score points. In Flowers, you compete for flower tiles by skilfully using your cards to win majorities. Secure the best tiles and combine them cleverly to form the most beautiful and highest-scoring flowers! Like its predecessor Mandala, Flowers is a dynamic card game and offers two to four players a world full of tactical decisions. Flowers is quick to learn and presents you with a new challenge every time! Experience this world full of colourful mandalas and beautiful flowers on a unique fabric game board.
