### Product Description

The mission: to search the asteroid for great space treasures! Goldrausch Galaxie is a game for families that is out of this world and requires strategy, memory and luck. Players take it in turns to explore the 3 map layers of the asteroid, where many surprises are waiting to be discovered. To find cool space treasures and collect points, players use their high-tech tool cards with unique properties. Who will come across a rare holomap fragment that leads to the greatest treasure this side of the Milky Way? But beware of event cards with pits, aliens and bandits! As soon as 3 black holes have been drawn, the game is over and the player with the most points wins! The immediate winner is the player who collects all 3 holomap fragments. The humorously illustrated game provides intergalactic fun. Thanks to the eye-catching and practical packaging, this is a great travelling game for families and a gift for children aged 10 and over. Galaxy Goldmine, Transformers, Potato Head, Hasbro and all related terms are trademarks of Hasbro. TREASURE SEARCH IN SPACE AS A CARD GAME The aim here is to dig for space treasures on the asteroid! The game Goldrausch Galaxie is all about strategy, memory and luck, as players compete against each other to collect the most treasures COOL WORLD SPACE TREASURES COLLECT AND EARN POINTS Players compete against each other, to discover cards with treasures, such as space gems and "ancient" artefacts, and collect them to earn points EXPLORE THE ASTEROID WITH HIGH-TECH TOOLS Grab the mining lamp! As a treasure-hunting bot, players select the strategically correct tool card to discover and claim treasures, artefacts and lost tools 2 WINNING OPPORTUNITIES Once players have drawn 3 cards from the black hole, the game is over and whoever has the most points wins! The instant winner is also the player who has collected 3 of the rare Holomap Fragment cards CAUTION - PITS, BANDITS AND ALIENS Lurk This asteroid is full of surprises! Hidden on the asteroid are event cards with bot defects and other unpredictable things that can change the game for the better or worse
