Product Description

Practical little helper for the Feldherr storage box TCHS105 for sorting your card collection. The divider clip is simply hooked into the centre divider of the card deck box and thus serves as a flexible card divider for subdividing your playing and trading cards. The clip also functions as a support when the card compartments are not completely filled. As with all 3D-printed models, minor imperfections may occur. The product images are only examples of what the finished product may look like. Colours may vary. All products are supplied unpainted.
