from **45,10 EUR**

Item no.: 377576
shipping weight: 1.50 kg
Manufacturer: Feldherr

Product Description

Is your figure collection slowly but surely growing over your head? With the Feldherr storage box FSLB250 and the matching foam inserts for tanks/monsters and 197 miniatures, you finally have everything clearly organised again. Of course, the fine-pored Feldherr foam offers reliable protection against damage to your figures - sensitive parts remain intact and the paint applied to painted models is spared scratches and abrasion. The 60 mm high grid foam insert for the tanks or monsters is pre-perforated with a 14 mm x 14 mm grid. To adapt it to your model, remove the corresponding foam segments and then glue them to the 10 mm foam base supplied. All other foam inserts included in the set provide space for the small miniatures. They are ideal for figures in 28 mm scale. The FSLB250 storage box is made of coated, double-walled cardboard and is therefore very light and also particularly stable. The practical carrying handle makes the box easy to transport. One side of the box can be opened completely. This makes it easier to put away and remove the foam inserts. Place the matching foam lid on the top insert. This ensures that your miniatures do not fall out during transport.
