### Product Description

To ensure that nothing happens to your army on the way to the next mission, you get the matching storage box FSLB250 including Feldherr foam inserts to protect your miniatures. Each miniature in your collection has its own custom-fit compartment. This keeps your models safely in place during transport. The soft foam not only protects the delicate parts of your figures. The colours of painted miniatures are just as safe from abrasion and scratches. The matching foam lid completes the set. Use it as a cover so that nothing can fall out during transport. The FSLB250 storage box is made of coated, double-walled cardboard and is therefore both very light and particularly sturdy. The practical carrying handle makes the box easy to transport. One side of the box can be opened completely. This makes it easier to put away and remove the foam inserts. This means that all models are safely stored, all game material is neatly stowed away and your game is optimally protected on the way to the next quest. Warning! Not suitable for children under 36 months.
