from **52,57 EUR**

Item no.: 377653
shipping weight: 0.60 kg
Manufacturer: Feldherr

Product Description

For storing and transporting delicate Christmas tree baubles. Neatly stored and safely transported. The Feldherr storage box for safely storing up to 48 baubles with a diameter of 60 mm. The set includes: - 1 Feldherr storage box FSLB310 - 4 Feldherr foam inserts for 12 Christmas baubles each (FS070A003) - 1 studded foam lid - 1 foam base. The Feldherr storage set provides complete protection for your delicate Christmas baubles. It is suitable for easy storage and transport. The storage box reliably protects the contents from dust and knocks. Painted baubles in particular are protected from wear and tear. 48 spheres, each with a diameter of 60 mm, find a safe place in this set. The recess for the crown offers the advantage that the spheres cannot move in the insert and are therefore protected from scratches and chipped paint. The crown is embedded in the recess and therefore cannot break off. Caution is therefore only required when mounting and dismounting. The full-size foam insert has the following dimensions: 345 mm x 275 mm x 70 mm total height (60 mm usable height + 10 mm foam base). The FSLB310 storage box is made of coated, double-wall cardboard and is therefore both very light and very sturdy. The attachable lid reliably protects the contents from dust and other external influences. With the matching foam insert, miniatures, game material and all other goods can be stored safely - and conveniently transported with the two plastic-reinforced carrying handles on the sides. Storage box dimensions: - Internal dimensions: 350 mm x 275 mm x 310 mm - External dimensions: 380 mm x 310 mm x 320 mm - High-quality, fine-pored foam - Made in Germany - Chlorine-free and acid-free
