Product Description

For the safe storage and convenient transport of 18 teams including goalkeepers, 27 balls and 2 goals. The round must go into the square and your Subbuteo teams must go into the Feldherr backpack. This allows you to store your athletes, goals and balls safely and transport them to the next match in comfort. The nine foam inserts in the set each have 25 compartments. 20 of the 25 compartments in each insert are reserved for the outfield players of two teams. Two elongated compartments are tailored exactly to the goalkeepers and goalie sticks. You can store three match balls in three further, circular compartments. The fine-pored foam provides your figures with the best possible protection against damage - broken noses and meniscus tears are therefore practically impossible. Your game set-up will also be faster thanks to the newly created order - no more searching for figures, you always have your athletes in view. You can store your goals safely in the blue magnetic box. Two matching foam covers are included to cushion them against the lid and base of the magnetic box. Of course, the magnetic box and foam inserts fit exactly into the rucksack. The backpack is made of lightweight but hard-wearing materials and has breathable mesh padding. To make loading and unloading easier, the zip opens on three sides and the backpack can be opened almost completely. The matching nap foam completes the set. Place this on the top insert to ensure that nothing can fall out during transport.

The set contains- 1 Feldherr backpack- 9 foam inserts for 2 teams and 3 balls each (HSMEMA035BO)- 1 Feldherr magnetic box blue for 2 goals (HSMB075)- 2 foam lids- 1 studded foam cover
