Product Description

Compatible with Winter of the Dead: The Long Night After humanity has fallen victim to zombies, there are only a few survivors left. They must band together to find the supplies they need to survive despite zombies, bandits and failed undead experiments. An abundance of cards, markers and figures create a wintery zombie world on the gaming table. Our insert helps with this and finds a separate place for each component. DEAD-LONG consists of 8 boxes, 7 of which are removable and can be distributed on the game table as desired. When all the boxes have been placed in the box, there is initially a recess in which the overview and location boards can be placed. The game board and rule book are then placed on top. The box lid closes flush. The box can easily be stored on edge. This item is supplied as a kit that needs to be assembled. We recommend using wood glue for this (not included in the package).
