Product Description

Ethereal figures emerge from the dark depths of Shyish, the realm of death. The Nighthaunt are not a troop of brave soldiers, but tortured souls filled with rage and hatred, created by Nagash and his retinue. They despise the living and descend upon the mortal realms to exact their revenge. You no longer have to worry about how best to store your Nighthaunt army and take it to the next game. With this storage box set, you have space for over 90 models, all safely and neatly stored and compactly transported. A customised insert houses two mighty Nighthaunt leaders - Kurdoss Valentian, The Craven King and Reikenor the Grimhailer. The mat is divided into 2 compartments, precisely tailored to the individual miniatures. This ensures that Kyallaron's wings remain intact during transport and that the Craven King's flag continues to fly. Thanks to the precisely fitting compartments, the figures stay in place and do not bump into each other even on uneven paths. Your models, which have been coloured in after hours of painting, are therefore safe from scratches and chipped paint. But it's not just the HQ that gets a safe, soft place here. The full-size inserts are primarily concerned with the well-being of the battle line units of your Ghost army. With 12 large compartments, the FSMEYY055BO is ideal for storing larger Nighthaunt models, such as the Grimghast Reapers, Glaivewraith Stalkers or Crawlocke the Jailor. Also suitable for larger to medium-sized Ghost warriors, the FSMEFP060BO offers space for 16 miniatures. Here, for example, you can save the filigree Dreadscthye Harridans the trip to the healer. The FSBR050BO is a mat included in the package that can hold both smaller standard miniatures and elongated models with bases up to 40 mm in diameter. The ghosts of the Chainrasp Hordes will feel particularly at home here. In addition to these inserts, there are also three half-size mats for your Nighthaunt army in the box. The HSLZ060BO has 7 compartments of different sizes and is ideal for bulky ghosts with expansive poses. Also ideal for elongated ghosts, the HSMECP045BO comes with 12 spaces for your Nighthaunt. With the HS040I012BO, there are another 12 compartments for smaller miniatures. A matching foam lid ensures that the warriors on the top mat are also securely packed all round and that no warrior bounces against the lid of the storage box. The FSLB310 storage box is made of coated, double-walled cardboard and is therefore very light and also very stable. The attachable lid reliably protects the contents from dust and other external influences. The two plastic-reinforced carrying handles on the sides make the box easy to transport.
