Product Description

The plastic organiser insert keeps the game box tidy. All the game material from up to 14 expansions fits alongside the basic game. Simple, easy-to-understand rules and a high addiction factor - two crucial basic requirements for a modern classic game. Numerous expansions guarantee endless fun in medieval France, so you'll never get bored. With this Feldherr organiser for Carcassonne, you can fit a whole big box into the small base game box, and still - or precisely because of this - never lose track of things. - The set fits exactly into the original board game box for the "Carcassonne" base game by Hans im Glück. - 10 individually removable boxes made of robust plastic offer space for all the contents from the base game and 11 expansions. - 3 additional tile holders can be used for further game material from other expansions. Each holder offers space for 8 tiles. - Finally, place the scoring board and the rulebook on the organiser set. The foam lid, which is also included in the set, ensures a stable, transportable fit. - The lid of the box closes flush and the box can be stored and transported on end without anything getting mixed up. - No assembly required. All parts are ready for immediate use. The organiser creates space and order in your board game box and on the table. Two tile holders and two boxes for the meeples help you to sort all the game material from the basic game. In the remaining boxes you can store the tiles and meeples from the following 11 expansions (originally part of the "Carcassonne Big Box"):- Inns and cathedrals- Merchants and builders- The river- The abbot- The flying machines- The ferries- The dispatches- The gold mines- Magicians and witches- The robbers- The crop circles You also get three additional tile holders. This gives you additional space for up to 24 tiles from expansions of your choice. The boxes can all be removed individually. Simply take the tile holders and meeple trays out of the box before starting the game and place them on the game table. Each tray is assigned to a specific expansion. This creates an overview and allows you to start playing quickly. The set includes:- 2 tile holders for the landscape, scoring and starting tiles from the basic game- 2 meeple trays with 3 compartments each for the henchmen (sorted by colour) from the basic game- 2 tile holders for the landscape, scoring and starting tiles from the expansions- 4 trays with 3 compartments each for goods tiles, dice and meeples from the expansions- 3 extra tile holders for 8 tiles each from additional expansions- 1 foam lid, as a height leveller As with all 3D-printed models, minor imperfections may occur. The product images are only examples of what the finished product may look like. Colours may vary. All products are supplied unpainted. - thermoplastic- no assembly required - ready to play- 3D printed in Germany
