The third Dark Souls wave from Kickstarter is rolling in with 79 miniatures and accessories. Feldherr has put together a storage box with custom-fit foam inserts especially for the five expansions "Vordt of the Boreal Valley", "Iron Keep", "Characters", "Explorers" and "Phantoms" so that everything can be used and prove itself undamaged. The set contains: - 1 Feldherr storage box FSLB310 - 1 full-size foam insert for "Vordt of the Boreal Valley" and "Iron Keep" miniatures (FSMETS100BO) - 1 full-size foam insert for 27 miniatures (FSMETT055BO) - 1 half-size foam insert for 16 miniatures (HS050BF05BO) - 1 half-size foam insert for 22 miniatures (HSMEDL055BO) - 1 full-size foam insert for accessories (FSLG050BO) - 1 matching foam cover. The customised full-size insert for the "Vordt of the Boreal Valley Expansion" and the "Iron Keep Expansion" offers 22 perfectly fitting compartments for Vordt, the Smelter Demon, Sir Alonne and all other figures from these two expansions. The soft foam ensures that the colours of painted miniatures do not scratch or chip during storage and transport and that delicate parts do not bend or break. There are also compartments for health dials as well as a compartment for small cards and a larger, elongated compartment for cards or tokens. For most miniatures from the "Explorers Expansion" as well as for figures with protruding details from the "Phantoms Expansion", such as Oliver the Collector, Xanthous King Jeremiah and also Maneater Mildred, there are suitable compartments on the second full-size insert.
