Product Description

The magnificent miniatures of the Asuryani Bladehost are unrivalled in terms of their lovingly detailed design. To ensure that Wraithknight and co. can continue to strike powerfully in the future, we recommend our storage box, which is filled to the brim with matching foam. The centrepiece of the set is the two-part insert for the Wraithknight. The lower of the two inserts has a customised compartment for the large spirit warrior and five other, smaller compartments. Four of the five small compartments are customised for Windriders, and you can park a Vyper in the fifth compartment. All five small miniatures fit into the compartments on their bases. As soon as you have filled the compartments of the lower insert, simply place the upper insert, which has a customised cut-out for the protruding parts of the Wraithknight, on top. This way, your spirit warrior is surrounded by protective foam and the small models are safely covered. You can distribute all the other miniatures of the Asuryani Bladehost - 1 Farseer, 10 Guardians, 5 Dire Avengers - over the other inserts included in the set as you wish. If you want to expand your collection, the set offers additional space for many more small to medium-sized miniatures. The set also includes two matching foam lids - one lid serves as a height leveller to level out the two stacks of inlays in the storage box, the other lid is placed on top of the stack to prevent anything from falling out. Of course, the inlays fit exactly into the sturdy storage box. This is made of coated, double-walled cardboard and is therefore both very light and very sturdy. The attachable lid reliably protects the contents from dust and other external influences.
