FSLB310P19 - Storage box for Kingdom Death: Monster - Wave 1

from **60,90 EUR**

Item no.: 377713
shipping weight: 1.00 kg
Manufacturer: Feldherr

Product Description

For the safe storage of all Wave 1 miniatures including Phoenix and many miniatures from later Waves. The miniatures from Kingdom Death: Monster 1.6 & 1.5 are not only particularly unusual, but also quite fragile in some cases. To ensure that no wings break and no claws are scratched, we recommend that you keep Phoenix, Allister, Kingsman and co. in our storage box with customised foam inserts. The foam insert for Phoenix is in two parts due to the size of the model. The lower insert has a customised compartment in which you place the proud bird. The upper inlay has a custom-fit recess for the upper part of the figure and is simply placed on top of the lower inlay. The Phoenix is already well packed all round. All other Wave 1 models such as Gold Smoke King, White Lion and Butcher can be placed in the other foam inserts as required. The set also offers space for many other miniatures from later Waves. Of course, the inserts fit exactly into the sturdy storage box. This is made of coated, double-walled cardboard and is therefore both very light and very sturdy. The attachable lid provides reliable protection against dust and other external influences. With the two plastic-reinforced carrying handles on the sides, you can easily transport your KD:M 1.6 & 1.5 models to your next game night. To round off the set, we also include a matching foam lid on top. Place this on the top insert to ensure that no figure can fall out or bump into the cardboard lid.

Set contains- 1 Feldherr storage box FSLB310- 1 two-part foam insert for Phoenix and 6 other miniatures (FSLX070BO + FSLY100)- 1 foam insert with 25 compartments for miniatures (FSLQ040BO)- 2 foam inserts with 7 compartments each for miniatures (HSLZ060BO)- 2 foam inserts with 9 compartments each for miniatures (HSMEA035BO)- 1 matching foam lid.
