Product Description

For safe storage and transport of your Gloomspite Gitz Army! If you want to store your Gloomspite Gitz safely, you've come to the right place. Our storage box filled with matching foam leaves nothing to be desired. The centrepiece of the set is the two-part insert for Arachnarok and Mangler Squigs. The large compartment of the lower insert accommodates the manned Arachnarok. Thanks to the precise cut, the delicate figure remains in its softly padded place during transport. The delicate parts are optimally protected from damage and no grot falls off the platform. The colours of the coloured miniature are also protected from abrasion and scratches. In addition to the compartment for the spider, there is also a custom-fit compartment for mangler squigs. Once you have placed the two figures in the lower part of the insert, simply place the upper part, which has a custom-fit cut-out, on top. Now the towering battle platform of the Arachnarok Spider is protected and the Mangler Squigs are covered. The inlay for Squig Hoppers, Fanatics and Skagrott the Loonking has 9 compartments of different sizes. Here you can store your elongated Gloomspite Gitz models safely and neatly. The inlay for Squig Hoppers, Fanatics and Squigs has 9 compartments. 6 long compartments are suitable for storing Squig Hoppers and Fanatics, 3 small compartments can be filled with Squigs or cubes. The two foam inserts for Squigs, Stabbas and Shootas are divided into 20 compartments each. The conical shape of the compartments ensures optimum utilisation of space. Finally, the set contains an insert with 77 compartments for dice. Each of the 77 compartments is 14 mm long x 14 mm wide x 15 mm deep. The tray is therefore suitable for storing W6 dice with an edge length of up to 14 mm. The set is rounded off by the matching foam lid. The lid serves as a cover and ensures that nothing falls out of the inserts or knocks against the lid of the storage box. The storage box is made of coated, double-walled cardboard and is therefore both very light and very sturdy. The attachable lid reliably protects the contents from dust and other external influences. The two plastic-reinforced carrying handles on the sides make it easy to transport.
