GIGD2019 - Qawale Mini

14,70 EUR

Item no.: 383778
shipping weight: 0.50 kg
Manufacturer: Gigamic

Product Description

Which of you is more skilful at bouncing your pebbles? Elegant and tactical at the same time, Qawale Mini finds its inspiration in the piles of pebbles found along the paths. Both players receive eight pebbles of one colour each. The third colour is neutral. On your turn, you place a pebble on a pile of your choice and move it. When moving a stack, you must leave one pebble on each square you cross. The first player to line up four pebbles of their own colour on the board when viewed from above wins this game, which impresses with the great feel of the material. The compact mini version is ideal for playing Qawale anywhere from now on.
