from **64,90 EUR**

Item no.: 377628
shipping weight: 1.00 kg
Manufacturer: Feldherr

Product Description

With your subscription, you have taken the plunge into the dark 41st millennium and your army is growing by the month. Now that the first miniatures have been painted, you're wondering how best to store them. Here's your answer. With this foam-filled Feldherr storage box, you can ensure that your Death Guard is always in good hands and arrives at the gaming table safe and sound. Four half-size and 3 full-size foam inserts provide a safe home for your models. One full-size insert takes care of your Death Guard vehicles. It offers customised compartments for the Chaos Rhino, the Myphitic Blight-hauler and the Plagueburst Crawler. The remaining compartments are filled with character models: Lord of Contagion, Biologus Putrifier, as well as Lord Fethius and his Tainted Cohort. Embedded in high-quality, soft foam, the many intricate details of your models are protected from breakage and other damage. The colours and decals of the painted miniatures are also safe from abrasion and scratches here. The half-size insert with the 3 large compartments is reserved for the Foetid Bloat-drone. Character models with extensive details, such as the Malignant Plague Caster, Nauseous Rotbone or Typhus, feel at home on the HSLZ060BO. Your Poxwalkers and Chaos Cultists can be accommodated on the full-size insert with 32 compartments and the HS035BF05BO. The FSLQ050BO is reserved for the Plague Marines and the Champion. And finally, the Chaos Spawn also get their shelter in the form of the half-size tray with 6 compartments of the same size. The foam lid supplied closes things off and ensures that the miniatures in the upper tray are also prepared for the next battle. The FSLB310 storage box is made of coated, double-walled cardboard and is therefore very light yet stable. The attachable lid reliably protects the contents from dust and other external influences. The two plastic-reinforced carrying handles on the sides make the box easy to transport.

Details- high quality, made in Germany- chlorine-free and acid-free
