## Product Description

Orruks, Grots, Ghouls, Followers of Nurgle and Khaine's Devoted - another colourful but mostly beastly mix of warriors who meet in the caves of Beastgrave in the third season of Warhammer Underworlds. Then the Sequitors and a few Banshees cheated their way into the mix. Naturally, you went all-in and included the terrain in your Beastgrave collection. To ensure that the ten warbands all arrive at the gaming table ready for battle, we have the compact Feldherr storage box including foam for you and your miniatures. From Grashrak Finsterhuf and his Ungor gang, to the witch Fecula Fliegenwind and the always furious Ironjawz mob, each troop gets a customised Feldherr foam insert. The compartments are individually tailored to the miniatures. This means that the models are well protected in the soft foam. Sensitive details are thus protected from damage. The customised cut ensures that the figures do not slide around during transport. Painted warrior models are spared scratches and chipped paint. An additional compartment is reserved under each figure for the playing cards. It has a finger-wide recess to make it easier to get the cards out. Up to 40 cards fit in here, including sleeves, of course. Deck boxes also fit here. Dice and markers can be sorted into the remaining four compartments. The three Stormcast Eternals Sequitors and the four Nighthaunt Myrmourn Banshees from the Dreadfane box can also prepare for their battles in their own inserts. Finally, foam insert number 11 takes care of the terrain tiles from the "Primal Lair" set. Finally, the supplied foam lid ensures that your figures are securely packed all round and survive transport to the realm of the beasts undamaged. The FSLB310 storage box is made of coated, double-wall cardboard and is therefore very light yet sturdy. The attachable lid reliably protects the contents from dust and other external influences. The two plastic-reinforced carrying handles on the sides make the box easy to transport.
