from **71,59 EUR**

Item no.: 377555  
shipping weight: 1.50 kg  
Manufacturer: Feldherr

### Product Description

Project: Elite goes into overtime. The fate of humanity hangs in the balance. Powerful new heroes meet ever new alien invaders. Arm yourself with this foam-filled Feldherr storage box for the 5 most important optional buys and all stretch goals of the Project: Elite Kickstarter campaign. We have packed a total of 9 foam inserts into the storage box so that you can store all 85 miniatures and tokens, as well as all the game material, well protected and clearly arranged. Whether glorious hero, like Dante, hateful alien scum, like the Biters, or gigantic boss opponents, like the metre-long Deathmaw - there is a separate, precisely tailored compartment for each model. In the case of Deathmaw, there are even 9. Your figures will always stay firmly in place, won't slide around during transport and are surrounded by soft foam that provides optimum protection against damage. It also prevents your elaborately painted miniatures from scratching or unwanted colour abrasion. Individual inserts with special compartments for cards, dice, tiles and tokens help you to keep your game material compactly organised and safe at all times. We have included an extra plastic tray for the small playing cards so that even the smallest cards have a fixed place. All cards also fit with sleeves. This means you always have an overview, save time when setting up the game and can concentrate fully on the alien hunt. Remember: Only a dead alien is a good alien. The supplied foam lid ensures that everything is securely packed and well protected when travelling. Simply place the double-sided map board under the foam inserts in the box. The FSLB310 storage box is made of coated, double-walled cardboard and is therefore very light yet sturdy. The attachable lid reliably protects the contents from dust and other external influences. The two plastic-reinforced carrying handles on the sides make the box easy to transport. As with all 3D-printed models, minor imperfections may occur. The product images are only examples of what the finished product may look like. Colours may vary. All products are supplied unpainted.
