Product Description

Transport 4 Kickstarter exclusive Optional Buys, 1 Extra and the Bloodmoon Box from the "Bloodborne: The Board Game" campaign with this handy bundle. You did it. Five impressive monsters, 84 other highly detailed miniatures and countless game materials were exclusively available to you via the Kickstarter campaign for "Bloodborne: The Board Game". So that you can enjoy these fantastic miniatures for a long time, we have put together a suitable bundle for you consisting of a Feldherr storage box FSLB310, MEDIUM bag and lots of foam. This allows you to safely store and transport your miniatures and game material. All miniatures, game cards and the complete accessories of the Kickstarter exclusive Optional Buys, the Hunter's Dream Extras and the Blood Moon Box for "Bloodborne: The Board Game" can be stored in the set. All game cards also fit with protective sleeves. The large-format, double-sided tiles are stored separately on the foam lid in the storage box. The Trick Weapon Dashboards are stored on the lid in the MEDIUM bag. The set offers space for all miniatures and the entire game material from: Yahar'Gul, Unseen Village- Upper Cathedral Ward- Mergo's Loft- Byrgenwerth- Hunter's Dream Extras- Blood Moon Box A Feldherr storage box, a MEDIUM bag and 14 half-size foam inserts ensure that all the contents of the four Optional Buys, the Hunter's Dream Extras and the Blood Moon Box are optimally protected. Whether it's an insignificant scholar, "Ebrietas, Daughter of the Cosmos" or the vile "Large Nightmare Apostle", every figure has the right compartment. This ensures that the miniatures sit securely and do not slip during transport. The soft, fine-pored foam protects intricate details from breaking off and the colours of your painted models from scratches and paint abrasion. We have included inserts with separate card compartments in the set for sorting your playing cards. The finger-wide recesses make it easier for you to remove the stacks of cards. Of course, the cards also fit with protective sleeves. The insert with five compartments in the storage box provides a suitable place to store your tarot cards. Finally, secure the top of the inserts with the foam covers supplied. Surrounded by soft foam, your miniatures are optimally protected at every step of your adventure. You can store the large tiles separately on the foam lid of the storage box. Store the Trick Weapon Dashboards on the lid in the MEDIUM bag. The FSLB310 storage box is made of coated, double-wall cardboard and is therefore very light yet sturdy. The attachable lid reliably protects the contents from dust and other external influences. The two plastic-reinforced carrying handles on the sides make the box easy to transport. The Feldherr MEDIUM bag is made of particularly hard-wearing material. Padded side sections and a reinforced base ensure that the miniatures are well protected even when being transported by car or train. In addition to the large main compartment, the bag has a small compartment with a zip at the front. Here you can store a notebook or rulebook, for example. There is a rubberised, handy carrying handle on the top. If you prefer to have your hands free, you can also carry the bag comfortably as a shoulder bag thanks to the sturdy, detachable shoulder strap. All miniatures are safely packed, the game material is neatly stowed away and all your Kickstarter Exclusives are optimally protected.
