The set offers space for all miniatures and the entire game material from: - Yahar'Gul, Unseen Village- Upper Cathedral Ward- Mergo's Loft- Byrgenwerth- Hunter's Dream Extras. The contents of the "Blood Moon Box" do not fit in this storage box set. Ten half-size foam inserts ensure that all the contents of the Optional Buys and Extras are neatly and well protected. Each figure has its own compartment. No matter whether it's an insignificant scholar, the odious The One Reborn or Ebrietas, Daughter of the Cosmos. Surrounded by soft, fine-pored foam, your figures are optimally protected during transport. You don't have to worry about scratches and chipped paint on your painted figures or broken details on your miniatures. Inserts with separate card compartments have been included in the set for sorting your playing cards. The finger-wide recesses make it easier for you to remove the stacks of cards. Of course, the cards also fit with protective sleeves. The insert with five compartments provides a suitable storage place for your tarot cards. Finally, secure the top of the inserts with the foam cover supplied. Surrounded by protective foam, your figures cannot fall out or bump into the lid of the box. The large-format tiles are stored on the foam lid. The FSLB310 storage box is made of coated, double-wall cardboard and is therefore very light yet sturdy. The attachable lid reliably protects the contents from dust and other external influences. The two plastic-reinforced carrying handles on the sides make the box easy to transport.
