FSLB310P59 - Storage box FSLB310 for Adeptus Custodes

from **53,75 EUR**

Item no.: 377508
shipping weight: 1.50 kg
Manufacturer: Feldherr

Product Description

The Emperor's Bodyguard has watched over the Emperor's mortal coil for over 10,000 years. With this Feldherr storage box, you can store up to 56 miniatures of the Adeptus Custodes and keep watch for at least another 10,000 years. Two full-size and five half-size foam inserts ensure safe and tidy storage of your Emperor's Bodyguard. Precisely dimensioned compartments for each miniature prevent the figures from sliding around or bumping into each other during transport. This ensures that the weapons and fine decorations remain on the model. The soft foam also protects the colours of your painted figures from abrasion and scratches. To prevent your Vertus Praetors' lances from snapping off, store your golden riders in the insert with the four compartments. The generously sized compartments leave enough room for expansive models, such as a shield captain with a raised lance. Four Venerable Contemptor Dreadnoughts can wait for their turn in the four large compartments of the two half-size inserts. Custodian Guards, Allarus Custodians and similarly sized miniatures are best kept in the 16 other compartments. Enough warriors to secure the Imperial Palace fit into the insert with twelve compartments. Thanks to the generously sized compartments, infantry models with expansive details (e.g. Custodian Guard, Vexilus Praetor or the Custodian Wardens) in particular can be safely stored. The half-size foam insert with three compartments contains a large compartment for a Venerable Land Raider. The other two compartments offer enough space for two Venerable Contemptor Dreadnoughts, for example. You can use the insert with ten compartments for Custodian Guards, Custodian Wardens or heavily armoured Allarus Custodians. The half-size foam insert is divided into seven larger compartments and is ideal for storing bulky figures - for example a retinue of Custodian Guards or Custodian Wardens armed with spears, including a banner bearer. The supplied foam lid closes the box and ensures that your miniatures are well protected all round. The FSLB310 storage box is made of coated, double-wall cardboard and is therefore very light yet sturdy. The attachable lid reliably protects the contents from dust and other external influences. The two plastic-reinforced carrying handles on the sides make the box easy to transport.

Details- high quality, fine-pored foam - Made in Germany- chlorine-free and acid-free
