from **64,47 EUR**

Item no.: 377804  
shipping weight: 1.00 kg  
Manufacturer: Feldherr

### Product Description

Zombicide: Black Plague relocates the zombie apocalypse to a medieval fantasy setting. With this Feldherr storage box FSLB310, you can easily transport your miniatures and game material from the base game and the Wulfsburg expansion to the next game. And because hordes of zombies are the real fun, we've left enough space for over 40 additional models. A compartment for every survivor and rotting figure, whether shambler, fatty or wolfstrum. All figures from the basic game and the expansion have a suitable compartment in the four Feldherr full-size foam inserts provided. There is also space for over 40 additional miniatures. Embedded in high-quality, soft foam, the sensitive parts of your figures are reliably protected from damage. The colours of the painted miniatures are just as safe from abrasion and scratches. You can store your rulebook, cards and game material in the full-size inlay with the large compartment (FS050I031BO). Surviving tableaus, markers, coloured miniature bases and the various tokens are sorted into the two 55 mm high foam inserts FSFG055BO with the additional insert. Finally, the foam lid supplied ensures that your figures are safely packed all round and survive transport to the next adventure undamaged. The FSLB310 storage box is made of coated, double-wall cardboard and is therefore very light yet stable. The attachable lid reliably protects the contents from dust and other external influences. The two plastic-reinforced carrying handles on the sides make the box easy to transport.
