Product Description

Our practical set with the Feldherr storage box LBBG250 in the large, flexible bag. This Feldherr set is supplied without foam. It is ideal for storing and transporting larger miniature and game collections. The set contains: - 1 Feldherr GENERAL 370 bag - 1 Feldherr storage box LBBG250. The storage box was specially developed for storing our board game inserts and can be filled with foam up to a total height of 250 mm. All square Feldherr foam inserts with the dimensions: - 300 mm x 300 mm - 295 mm x 295 mm - 285 mm x 285 mm - 280 mm x 280 mm fit perfectly in the box. The same applies to the half board game inserts, which form a square when placed next to each other. They are currently available in the dimensions: 295 mm x 147.5 mm and 285 mm x 142.5 mm. The LBBG250 storage box is made of coated, double-walled cardboard. This makes it not only pleasantly light, but also particularly tear-resistant and stable. Miniatures and game material can be stored safely and protected from dust with the matching foam mats. The practical plastic carrying handle makes it easy to transport. The boxes are delivered fully folded and ready for immediate use. The GENERAL 370 is the all-rounder in our range. With this bag, you can comfortably transport everything from board game boxes to our storage boxes and full-size foam inserts. The black Feldherr GENERAL 370 bag is made of hard-wearing, water-repellent material. Continuous padding together with a reinforced base and lid ensure that the contents are reliably protected from external influences, even when travelling by car or train. There is also plenty of storage space. In addition to the large main compartment, there are a total of four small compartments with waterproof zips on the outside. Here you can store game instructions and booklets, books and writing materials, for example. The bag can be opened completely on one side for easier storage and removal. The GENERAL 370 can be carried comfortably on the shoulder with the wear-resistant, detachable shoulder strap or with the carrying handle, which is also detachable. If the bag is not needed, you can fold it up to save space and store it in the cupboard. GENERAL 370 bag features: - lightweight, durable material - splash-proof and wipeable - flexible transport bag, e.g. for: - various board game boxes (e.g. Gloomhaven, Scythe, Zombicide) - Feldherr storage boxes (e.g. FSLB310, LBBG250, DDEB305) - Feldherr full-size foam inserts (filling height 370 mm) - 2 small compartments each (e.g. for booklets and writing materials) for booklets and writing materials) on the sides, water-repellent zip - 1 large compartment on the front, water-repellent zip - 1 large compartment on the top, water-repellent zip - infinitely adjustable carrying strap with shoulder pad, detachable - short carrying strap with hand reinforcement, detachable - additional protection thanks to full-length padding (approx. 20 mm thick) - reinforced base with feet - reinforced top - modern design with black exterior, plain blue logo print and red interior.
