Product Description

Orcs live for the Waaagh and once unleashed, hordes of greenlings flood entire systems in the blink of an eye. To ensure that nothing happens to your mob on the way to the next Waaagh, you get the matching storage box FSLB310 including Feldherr foam inserts to protect your miniatures. We have packed 2 full-size and 3 half-size foam inserts into the storage box for the miniatures of your mob. Whether Gargbot or Waaaghboss, each miniature of your combat patrol gets its own custom-fit compartment. This keeps your models safely in place during transport. The soft foam not only protects the sensitive parts of your figures. The colours of painted miniatures are just as safe from abrasion and scratches. If the Waaagh is larger than expected, you can store up to 13 more Ork models in the foam inserts. We have also included a dice tray including insert so that you can also transport your dice and game material appropriately into battle. The insert allows you to organise your dice, playing cards and other game material neatly. If you remove the insert, you can also roll the dice in the dice tray. This way you won't accidentally knock over the miniatures on the gaming table. The matching foam lid completes the set. Use it as a cover so that nothing can fall out during transport. The FSLB310 storage box is made of coated, double-walled cardboard and is therefore very light yet sturdy. The attachable lid reliably protects the contents from dust and other external influences. The two plastic-reinforced carrying handles on the sides make the box easy to transport. This ensures that all miniatures are safely and neatly stowed away and ready for transport to the next battle.
