Product Description

To ensure that nothing happens to your army on the way to the next feast, you get the matching storage box FSLB310 including Feldherr foam inserts to protect your miniatures. The Flesh-eater Courts Start Collecting! set from GamesWorkshop is bursting with fantastic miniatures. The matching Feldherr storage box FSLB310 for your 14 miniatures ensures that no delicate parts break off or details are scratched during transport. Filled to the brim with Feldherr foam inserts, you can use it to transport your figures safely and neatly to battle. There is still room to expand your army. Each miniature in your collection has its own custom-fit compartment. This keeps your models safely in place during transport. The soft foam not only protects the delicate parts of your figures. The colours of painted miniatures are just as safe from abrasion and scratches. The box can hold up to 17 more miniatures so that your army can continue to grow. The matching foam lid completes the set. Use it as a cover so that nothing can fall out during transport. The FSLB310 storage box is made of coated, double-walled cardboard and is therefore very light yet sturdy. The attachable lid reliably protects the contents from dust and other external influences. The two plastic-reinforced carrying handles on the sides make the box easy to transport. This ensures that all miniatures are safely and neatly stowed away and ready for transport to the next battle.
