### Product Description

To ensure that nothing happens to your army on the way to the next mission, you get the matching storage box FSLB310 including Feldherr foam inserts to protect your miniatures. Each miniature in your collection has its own custom-fit compartment. This keeps your models safely in place during transport. The soft foam not only protects the delicate parts of your figures. The colours of painted miniatures are just as safe from abrasion and scratches. The matching foam lid completes the set. Use it as a cover so that nothing can fall out during transport. The FSLB310 storage box is made of coated, double-walled cardboard and is therefore very light yet sturdy. The attachable lid reliably protects the contents from dust and other external influences. The two plastic-reinforced carrying handles on the sides make the box easy to transport. This ensures that all miniatures are safely and neatly stowed away and ready for transport to the next battle.
