from **57,32 EUR**

Item no.: 377554
shipping weight: 1.50 kg
Manufacturer: Feldherr

Product Description

To ensure that nothing happens to your army on the way to the next mission, you get the matching storage box FSLB310 including Feldherr foam inserts to protect your miniatures. Each miniature in your collection has its own custom-fit compartment. This keeps your models safely in place during transport. The soft foam not only protects the delicate parts of your figures. The colours of painted miniatures are just as safe from abrasion and scratches here. The 100 mm high grid foam insert suitable for your vehicles is specially pre-perforated. Grid pins with a base area of 14 mm x 14 mm x 100 mm high can be removed individually from the insert. This allows you to configure the areas required for your vehicles yourself. As soon as you have punched out the compartments, remove the film from the grid foam insert and glue the foam base to the insert - this ensures that your vehicles do not fall out. The foam lid included completes the set and ensures that your miniatures are protected by foam on all sides. The FSLB310 storage box is made of coated, double-wall cardboard and is therefore very light yet stable. The attachable lid reliably protects the contents from dust and other external influences. The two plastic-reinforced carrying handles on the sides make the box easy to transport. This ensures that all miniatures are safely and neatly stowed away and ready for transport to the next battle.

Details- high quality, made in Germany- chlorine-free and acid-free
