FVMFBC080ESD - dissipative foam insert for 48 SSD Handy printed circuit boards S

from **22,84 EUR**

Item no.: 381688
shipping weight: 0.10 kg
Manufacturer: Feldherr

Product Description

This electrostatically dissipative ESD foam insert has 48 cut-outs for safe and clear storage of electronic devices / electrical components such as SSD hard drives, mobile phones or smartphones. The foam inlay offers space for smartphone models such as iPhone 14, Samsung Galaxy S22, Google Pixel 5 and smartphones with similar dimensions. The ESD polyurethane (PU) foam offers a high level of protection against electrostatic discharge and therefore ensures the safe transport of sensitive devices. We recommend article FVBA020ESD as a matching cover / base.

Details- Electrostatic dissipative / ESD foam, colour ESD pink- Typical surface resistance $R_s = 10^{10}$ to 10^{11} Ohm- High-quality, fine-pored polyurethane (PU) foam- Made in Germany Dimensions- 48 cut-outs each 71 mm long x 7.5 mm wide x 80 mm deep- Foam insert measures 348 mm x 229 mm x 80 mm high
