### Product Description

Trolley for 24 tablets and extra holder for stylus pens. 14 mm compartment width  
This trolley allows you to transport an entire class set of tablets. You get a clear and easy-to-use solution! In addition to the slots for the tablets, the foam insert has a larger compartment for stowing accessories such as charging cables or mains adapters. This set also includes a removable insert for 24 stylus pens. The Feldherr foam insert offers a secure hold for tablets from almost all well-known brands, such as Apple, Microsoft, Huawei, Samsung, Xiaomi and Amazon Fire. Please ask us whether your specific device or its protective cover also fits!  
The AUER CP 6433 protective case in detail: The Pro Trolley protective case from AUER Packaging offers the best protection on wheels. It is extremely robust and designed for daily use. The two integrated locks provide additional security. Thanks to the integrated castors and the extendable handle, the protective case is very handy and convenient to use. Like all AUER products, the protective case series is characterised by a high level of user-friendliness and quality "Made in Germany". Here's another tip: Please ask us whether your specific device or its protective cover will fit!
