FSMEWP145BO - Foam insert for KV128 Stormsurge

from **18,46 EUR**

Item no.: 380545
shipping weight: 0.10 kg
Manufacturer: Feldherr

Product Description

Safely store and transport a KV128 model of the T'au - Additional compartments for XV104 and other units Unlike the Riptide battlesuit, the Stormsurge is not about manoeuvrability, but about sheer firepower. And the colossal ballistic suit of the T'au Empire has plenty of it. To counteract the recoil of its weapons alone, it has been equipped with thrusters. To ensure that the entire arsenal of weapons arrives on the battlefield ready to fire, we have provided this matching foam insert to protect your KV128 model. A large, precisely cut miniature compartment accommodates the Stormsurge miniature. The precise cut ensures that the battlesuit lies absolutely securely in its compartment during transport and does not slip around. The pulse cannon, grenade launcher and all other weapons are thus reliably protected against breakage and other damage. The colours of the painted miniature are also protected from abrasion and scratches. The second large compartment can be filled with an XV104 storm surge battlesuit. Four small rectangular and two round compartments are available for you to use and can be used to store additional miniatures (e.g. XV25 Stealth Battlesuits, Fire Warriors), game material and other small parts. 7 compartments Dimensions- 4 compartments: 56 mm long x 38 mm wide x 135 mm deep- 1 compartment: 160 mm long x 121 mm wide x 135 mm deep- 2 compartments, round: 37 mm diameter x 135 mm deep Details- Full-size foam insert Dimensions: 345 mm x 275 mm x 145 mm total height (135 mm usable height + 10 mm base)- high-quality, fine-pored foam- chlorine-free and acid-free- Made in Germany- Content: 1 piece
