from **100,50 EUR**

Item no.: 377314
shipping weight: 0.90 kg
Manufacturer: Feldherr

Product Description

For the largest army in the galaxy, the largest storage box from Feldherr is just the thing. Our sturdy double-size storage box DSL310 is filled to the brim with the right foam for Astra Militarum units - so your miniatures are perfectly sorted, always ready to hand and protected from damage. The two customised inserts for the Leman Russ Battle tanks allow you to store a total of four of the battle machines. The inlays are suitable for all variants and factions of the tanks. The foam inlay for the Baneblade allows you to store one copy of the giant tank. The inlay has three compartments: a large compartment for the hull, a compartment for the turret and another small compartment for free use. The inlay with four compartments offers space for additional vehicles. The compartments of the insert are the same size and are suitable for chimeras, for example. Finally, the set offers you the opportunity to store additional large vehicles, such as a basilisk, with the customisable grid foam insert. To customise the 14 mm x 14 mm pre-perforated insert to your requirements, simply remove the corresponding foam segments and then glue the insert to the foam base supplied. That's it! There are two inserts for your weapon teams, each with six large compartments. Naturally, the inserts fit exactly into the sturdy double-size storage box. This is made of double-walled, coated cardboard and is therefore lightweight yet extremely hard-wearing. The attachable lid reliably protects your collection from dust and other external influences. The two plastic-reinforced carrying handles on the sides make it easy to transport the box.

Details- Made in Germany- Chlorine-free and acid-free
Technical details- Internal dimensions: 560 mm x 360 mm x 310 mm- External dimensions: 590 mm x 380 mm x 320 mm
