Product Description

For safely storing and transporting the additional content from the Master Assassin's All-In Pledge. The battle between the Templars and the Assassins has been raging for centuries. You try to eliminate the Templar Order on different time levels. That's why you took part in the Kickstarter campaign and secured the Master Assassin's All-In Pledge. We have put together a package that is more than worthy of a Master Assassin so that you can stow away the additional content and prevent the ravages of time from gnawing away at the miniatures and game material without resistance. In the Feldherr-General 370 bag incl. storage box FSLB040 and customised foam inserts, you can store all miniatures, letters and the entire game material compactly and safely. Even towers can be stored in it. So you can easily transport everything to the next game night. - The General 370 incl. customised inserts and storage box FSLB040 offers space for all additional contents of the Master Assassin's All-in Pledge from the Kickstarter campaign of "Assassin's Creed: Brotherhood of Venice." - The set was designed for the additional contents of the Master Assassin's. For the base game and all unlocked stretch goals, we offer a separate solution (CV02Set) for the original board game box. - All game cards also fit with protective sleeves. - An extra Feldherr storage box FSLB040 is available for bulky game material such as Creed vs. Crows Rulebook and Missions, Tokyo XXI Rulebook and Missions, Roma Rulebook and Missions, Envelopes, Tarot-Sized Event Cards, Crow Boards, Initiative Blade, Stickers and large cardboard tiles. - The massive towers can also be transported with the set. They must not be assembled for this and are stowed in individual parts. The set offers space for all miniatures and the entire game material from: - Assassin's Creed: Brotherhood of Venice - Roma - Assassin's Creed: Brotherhood of Venice - Creed VS. Crows - Assassin's Creed: Brotherhood of Venice - Tokyo XXI - Assassin's Creed: Brotherhood of Venice - The Tower (in parts) - Assassin's Creed: Brotherhood of Venice - Crows Nest Tower (in parts) - Assassin's Creed: Brotherhood of Venice - Ezio Auditore in alternative Assassin Pose - Assassin's Creed: Brotherhood of Venice - Deluxe Assassins Dice Set The set offers space for all physical additional content of the Master Assassin's Pledge from the Kickstarter campaign. For the base game with all unlocked stretch goals, we offer a matching foam set with organiser for the original base game box (CV02Set). Whether Ezio Auditore, the Horsemen or a massive tower - your miniatures are in good hands in our inserts made of fine-pored foam. Each miniature has its own compartment. This prevents the precious models from sliding around and any paint applied remains intact. Of course, the soft foam also reliably protects fragile parts from breaking off - the Assassins keep their blades, the Papal Guard their swords and the large towers their decorations. The set also has space for the numerous game materials - dice, (sleeved) cards, tokens and tiles. On the one hand, you will find corresponding compartments in the foam inserts, on the other hand, we have packed an extra storage box in the bag for larger components. This way, your game material won't get mixed up and you'll always know where everything is. Of course, the inserts fit easily into the General 370 bag. To ensure that everything fits perfectly, you should stow the inlay with the tower bases at the bottom of the bag. Place the full-size insert with the game materials such as tiles, cards and dice on top. The insert with the 45 compartments goes on top. Next, place the two half-size inserts with the tower tops and the horsemen on top of the full-size insert. The two remaining half-size inserts complete the whole thing. Stow the storage box in the gap next to the inserts. The set is completed with matching foam lids and a studded foam lid. The foam lids are used to equalise the height of the stacks of inserts in the bag and the studded foam lid is used to cover the inserts so that nothing can fall out. The set includes: - 1 Feldherr GENERAL 370 bag - 1 Feldherr storage box FSLB040 for Creed vs. Crows Rulebook and Missions, Tokyo XXI Rulebook and Missions, Roma Rulebook and Missions, Envelopes, Tarot-Sized Event Cards, Crow Boards, Initiative Blade, Stickers, large Papptiles - 1 full-size foam insert with 45 compartments for small miniatures such as Abstergo Guards, Abstergo Guards (Optical Camo), Abstergo Guard Dogs, Leonardo's War Automata, Followers of Romulus, Statues (FS035C5BO) - 1 half-size foam insert with 16 compartments for small miniatures such as Alif, Sirius Favero and his Crows, Kiyoshi Takakura, Rebecca Crane, Layla Hassan, Cesare Borgia, Beatrice, Clara, Domenico (HS035BF05BO) - 1 half-size foam insert with 12 compartments for normal sized miniatures such as Papal Guard, Ezio Auditore in alternative Assassin pose + Secret Modern Day Assassin (HS045I012BO) - 1 half-size foam insert with 12 compartments for large miniatures like Horsemen (HS085I003BO) - 1 full-size foam insert with 6 compartments for very large terrain like the Crows Nest tower basement, The Tower basement + medium sized terrain like the1 Crows Nest spire, The Tower bell, Haycarts (FSBN110BO) - 1 half-size foam insert with 2 compartments for large terrain such as Crows Nest top floor and The Tower top floor (HSMECN100BO) - 1 full-size foam insert with 4 compartments for game material such as small and medium-sized cardboard tiles, dice, coloured baserings, small-sized equipment cards (FS050I031BO) - 3 foam lids - 1 studded foam lid The Feldherr Storage Box FSLB040 is made of coated, double-wall cardboard. This makes the box not only pleasantly light, but also particularly tear-resistant and stable. The black Feldherr GENERAL 370 bag is made of hard-wearing, water-repellent material. Continuous padding, together with a reinforced base and lid, ensures that the contents are reliably protected from external influences, even when being transported by car or train. The GENERAL 370 can be comfortably shouldered with the wear-resistant, detachable shoulder strap or transported with the carrying handle, which is also detachable. If the bag is not needed, you can fold it up to save space and store it in the cupboard.
