Product Description

The Feldherr foam set provides protection for your miniatures. Fits in the original board game box. Will you usher in a new age of peace? Or will you take the place of the Emperor and plunge the galaxy into never-ending darkness? In "Talisman: Star Wars", the fate of the galaxy rests on your shoulders. You take on the role of a familiar face from the saga. Represented by detailed modelled busts that are faithfully modelled on their real-life counterparts, you set off on your adventure. To prevent your fantastic miniatures from being damaged or scratched, we have designed a matching foam set for your board game box. Your models can be stored well protected in it and transported carefree to the next game night. The set fits into the "Talisman: Star Wars" board game box. The foam insert offers space for all of the game's miniature statues. All cards also fit with protective sleeves. We have packed a matching foam insert to protect your miniatures. Darth Vader or Ezra Bridger, each of the finely modelled game figure statues has its own compartment. Thanks to the precise cut, all miniatures have a firm fit. Even when you're hurtling through hyperspace at incredible speed, the figures don't slip and stay in place. The soft, fine-pored foam protects delicate parts, such as Darth Maul's horns, from breaking off. The colours of painted models are also protected from ugly scratches and chipping paint. The original plastic insert from the "Talisman: Star Wars" board game is required to sort the various cards, status indicators, credits, markers and dice. All cards also fit into the insert with protective sleeves. You can place the game board and the game instructions on the plastic insert. The foam mats supplied round off the set. Place one of the mats as a base in the largest compartment of the plastic insert. Place the foam insert on top and cover it with the second mat. This ensures that no pieces can fall out of the inlays and hit the game board during transport.
