from **50,20 EUR**

Item no.: 377991  
shipping weight: 0.70 kg  
Manufacturer: Feldherr

### Product Description

To ensure that nothing happens to your army on the way to the next mission, you get the matching MAXI bag including Feldherr foam inserts to protect your miniatures. Each miniature in your collection has its own custom-fit compartment. This keeps your models safely in place during transport. The soft foam not only protects the delicate parts of your figures. The colours of painted miniatures are just as safe from abrasion and scratches here. The 100 mm high grid foam insert suitable for your vehicles is specially pre-perforated. Grid pins with a base area of 14 mm x 14 mm x 100 mm high can be removed individually from the insert. This allows you to configure the areas required for your vehicles yourself. As soon as you have punched out the compartments, remove the film from the grid foam insert and glue the foam base to the insert - this ensures that your vehicles do not fall out. The foam cover included completes the set and ensures that your miniatures are protected by foam on all sides. The inserts fit exactly into the robust MAXI bag. This is made of particularly hard-wearing material. In addition, padded side panels and a reinforced base ensure that your miniatures are optimally protected from external influences, even when being transported by car or train. In addition to the large main compartment, the bag has a small compartment with a zip at the front. There is a rubberised, handy carrying handle on the top. If you prefer to have your hands free, you can also use the bag as a shoulder bag thanks to the wear-resistant, detachable shoulder strap. Caution! Not suitable for children under 36 months.
