from **163,88 EUR**

Item no.: 379540
shipping weight: 4.00 kg
Manufacturer: Feldherr

Product Description

For safe and tidy storage of all "Star Wars Armada" models from Wave I-VII with accessories + 54 additional squadrons + Super Star Destroyer. Includes assortment box for small game material. Rebels and Empire, Super Star Destroyer and MC80 Star Cruiser, command wheels and cards: In our foam set for Star Wars Armada including the matching Euro container ED 64/42 HG with hinged lid, you can store all models of Waves I-VII as well as the "Super Star Destroyer" model safely and neatly. The fine-pored Feldherr foam optimally protects your exclusive miniatures from damage - delicate parts remain undamaged and the paint applied to painted models does not get scratched. The foam inserts naturally fit exactly into the compact Euro container with hinged lid from Auer Packaging. The Euro container can be closed in no time at all thanks to the easy-to-use hinge system. Your game materials are therefore optimally protected from damage during transport. The set contains a studded foam and two large foam bases so that your models are really well packed all round. The studded foam is self-adhesive and is attached to the lid of the Euro container. This ensures that your miniatures do not bump against the lid of the Euro container unprotected during transport. Three large foam bases provide additional cushioning for your models during transport - place the first base under the foam inserts in the Euro container and place the other two bases on top of the stack of inserts. Two additional, smaller foam bases are used to level out the height of the stacks of inserts in the Euro box. The set also includes an assortment box with 14 fixed compartments in different sizes so that you can also store small game material in an organised manner. May the foam be with you!
