Product Description

Build a swinging music box with your own hands. Please fasten your seatbelts, the ride is about to begin! The Robotime-ROKR Swing Ride DIY music box is a creative and entertaining 3D wooden puzzle set from the Magic Amusement Park series. Its design is inspired by the amusement park swing ride. With the inbuilt movement, simply touch the button to hang the seats on the rotating top of the carousel, with music and lights switched on. Build this exquisite 3D wooden puzzle with your hands and enjoy the ride! The item has a retro ceiling shape, valance and lamp belt together surround the cornice, the atmosphere creates a romantic and warm atmosphere, adding a lasting classic charm. The six sides of the centre column are made of mirror material. When the light turns on, it is like a mysterious magic mirror, reflecting the romance of paradise and enhancing the overall layering.
