HSMEBY110BO - Foam insert for Star Wars Legion AT-ST

from **9,57 EUR**

Item no.: 381585
shipping weight: 0.10 kg
Manufacturer: Feldherr

Product Description

Many a rebel's blood freezes at the sight of it. The walking weapon station of the Empire is not only impressive to look at on the battlefield, but also a very special piece of jewellery for your Star Wars: Legion collection. As befits such a highly detailed miniature, it should also be stored safely. We have developed the half-size foam insert for the AT-ST for precisely this purpose. The fine-pored foam - chlorine- and acid-free, of course - is perfectly tailored to the dimensions of the all-terrain scout transporter. This means it can be stowed safely lying down and transported to the next battlefield. And who could be better suited to this fighting machine than one of the most feared warlords of the Galactic Empire, General Veers. That's why we've also included a compartment for the Commander's Star Wars: Legion expansion. The insert has a compartment for an AT-ST and a compartment for an infantry unit. The Feldherr Half Size (HS) foam insert has the following dimensions: 275 mm x 172 mm x 110 mm high. The 110 mm thickness of the mat results from the usable height of 100 mm and the glued-on 10 mm base. - Made in Germany - High-quality, fine-pored foam - Chlorine-free and acid-free
