Product Description

60 mm high foam insert with 24 compartments approx. 36 mm x 33 mm x 50 mm. Star Wars: Legion makes you the commander of your very own army on the battlefields of the Galactic Civil War. A good army needs order. And good figures need a safe place to be stored. With our foam insert for Star Wars: Legion figures, you have both. The foam walls keep the figures safely separated from each other so that they don't bump into each other during transport, for example. Especially with neatly painted units, it's quite annoying if the fine layers of paint flake off. And a lightsaber like this can sometimes snap off. The usable height of the compartments (50 mm) is ideal so that they fit in upright. The foam insert is of course chlorine and acid-free. Our half-size insert offers space for 24 troop miniatures, four of which have strongly rounded edges. This is not only a Feldherr tradition, but also ensures that the inserts fit perfectly in our bags. Also ideal for storing soldiers with blasters or flamethrowers. It's up to you whether you fill the inserts with stormtroopers or rebels. Either way, they both fit. Dimensions of the compartments: - 20 compartments: 36 mm x 33 mm x 50 mm - 4 corner compartments: 36 mm x 33 mm x 50 mm, strongly rounded. The compartments can of course be filled with Empire units as well as Rebel Alliance soldiers. The Feldherr Half Size (HS) foam insert has the following dimensions: 275 mm x 172 mm x 60 mm high. The 60 mm thickness of the mat results from the usable height of 50 mm and the glued-on 10 mm base. - Made in Germany - High-quality, fine-pored foam - Chlorine-free and acid-free
