Product Description

Store all 7 miniatures plus dice, cards and markers of the warband "The Exiled Dead" for Harrowdeep safely and neatly in this Feldherr foam tray. Necromancy without magic, but with the help of science to bring the dead back to life? Such sacrilege is taboo and forbidden among the servants of Nagash. For this reason, the vampire Deintalos chose the darkness of Harrowdeep to carry out his forbidden experiments. To prevent the assembled corpse parts from falling apart before the game begins, we have the matching Feldherr half-size foam insert for your warband. Here, your models are protected from the dangers of the outside world and you can neatly organise your cards and game material. The 7 models of the "Exiled Dead" are allocated miniature-sized compartments here. Embedded in soft foam, the models are perfectly prepared for transport to the gaming table. Delicate items of equipment, such as staves and halberds, are just as well protected from damage as all the other delicate details. Thanks to the precisely fitting compartment, the figures do not slide around and painted models are spared scratches and chipped paint. A further compartment is reserved for the cards underneath the miniatures. It has a finger-wide recess to make it easier to get the decks out. Up to 40 cards fit in here, including sleeves, of course. The compartment is large enough to fit a Nethermaze deck box. Dice and markers are sorted into the remaining four compartments. Now everything is neatly and safely stowed away. The next soul can come. - The half-size foam insert measures: 275 mm x 172 mm x 40 mm total height (30 mm usable height + 10 mm base)- High-quality, fine-pored foam- Chlorine-free and acid-free- Made in Germany
