from **15,16 EUR**

Item no.: 374082
shipping weight: 0.10 kg
Manufacturer: Feldherr

Product Description

Two miniature boxes as a compact addition to the Feldherr Organiser ORG093 - Stow all contents in the basic game box without the lid protruding. Figures are there to be played with and it is important to you that your game material is neatly sorted and that your board game box looks good on the player shelf? Then this add-on for the Feldherr Organiser ORG093 is just right for you. The set of 2 plastic miniature boxes complements the Feldherr Organiser (ORG93) for the "Middara: Unintentional Malum - Act 1" basic game box. The Feldherr Organiser (ORG93) + add-on offer space for all the game material and all the miniatures from the "Middara: Unintentional Malum - Act 1" base game. The two miniature boxes replace the original plastic trays. They allow you to store your models compactly in the base game box. The miniature boxes only work in conjunction with our ORG93 organiser for the original board game box. The lid of the box closes flush. Transport and tilt-proof - vertical storage possible. No assembly required. All parts are ready for immediate use. Instead of storing your figures in the individual compartments of the trays supplied, you can store all the figures from the basic game in just two miniature boxes to save space. No major sorting necessary, simply pack the figures into the boxes and you're done. Place the miniature boxes on the edge of the board game box next to the trays of the Feldherr Organiser ORG93. There are 2 arrows in the base, which must point towards each other so that the boxes fit perfectly. As the original plastic thermo trays are no longer required and the miniature boxes make optimum use of the height of the board game box, the lid of the box does not protrude and closes flush. This allows you to present the base game box in the best possible way on your game shelf. As with all 3D-printed models, minor imperfections may occur. The product images are only examples of what the finished product may look like. Colours may vary. All products are supplied unpainted.
